

Offline Meetup Card

Bring your build, not your login

Offline gatherings can be excellent. Account theft, untested mods, inaccessible venues, and unidentified food should remain online-only problems.

What should the guild bring offline?

MossyBoots // original poster

Bring builds, painted tokens, controllers, dice, and food labels. Leave account credentials, live access shards, and unverified mods at home. The venue has step-free access from the west transit stop.

EDIT: visible volunteers will wear green guild ribbons.

Pinned reminder: all game-market exchanges stay inside official systems.

I will run the lost-party meeting point beside the tea table.

HexAndSnacks

Food cards will list ingredients; ask before photographing community art.
